

ART IN NATURE

international youth exchange
12-18 X 2026
Gołkowice Górne

Dofinansowane przez
Unię Europejską

CENTRUM MŁODZIEŻY
W KRAKOWIE
IM. DR. HENRYKA JORDANA

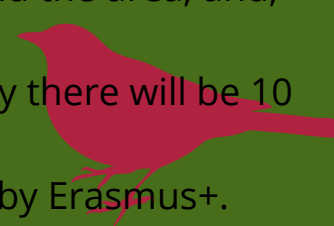

about the project

An artistic project for young people who enjoy art, creating, and nature. At the JordaNova center, surrounded by the pine forest, young people will take part in ecological and artistic workshops, walks in the forest, trips around the area, and, above all will integrate and learn about each other cultures.

Participant countries are Poland and Slovakia. From each country there will be 10 participants age 15-17 + 2 leaders.

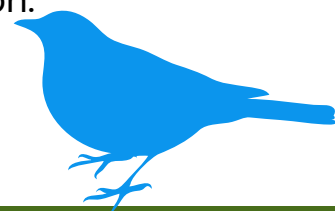

Costs of travel, food, accommodation and program are covered by Erasmus+.

about Erasmus +

Erasmus+ is a European program that aims to improve the quality of education in Europe by offering opportunities to study, work, volunteer, and learn abroad. Youth exchanges are one type of activity focused on non-formal learning. Such exchanges bring together young people from different countries to engage in joint projects that develop skills, cultural understanding, and promote active citizenship.

Each participant will receive a Youthpass certificate for participating in the project, an official recognition tool developed by the European Commission.

about us

Jordan Youth Center is the largest youth center in Małopolska. Since 1952, we have supported Krakow schools and parents in wisely and creatively managing children and youth's free time: developing interests, nurturing passions, and discovering talents. We have classes on a wide variety of topics, and during winter and summer breaks we organize summer camps, excursions, and day camps. We organize cultural, sport, and educational events for all Krakow residents. We also have the PARADOX Studio Cinema and a leisure center JordaNova in Beskidy Mountains.

program

To develop artistic talents

- plein air painting
- land art
- street art
- folk art

- nature workshops
- bonfires

To get to know each other and make friends

- national evenings
- games, activities, and energizers
- time spent together and bonding

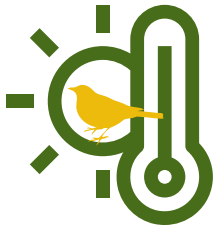

dates:
12-18.10.2026

practical information

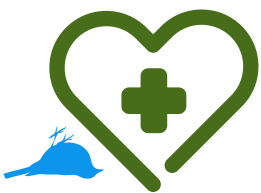

The JordaNova Center <https://jordanova.pl/> in Gołkowice Górne near Stary Sącz is located in a quiet area, nestled in a pine-larch forest. We will stay in multi-person wooden cottages equipped with a bathroom, refrigerator, kettle, bed linen, and towels. The cottages are heated. The canteen provides healthy, tasty meals three times a day.

The weather in October ranges between -5 and 20 °C, and it can be rainy, sunny, snowy or all three at once. None of these circumstances are a reason not to follow the program. Bring clothing so you're prepared for any eventuality. It's worth checking weather forecasts before your trip, but remember that they are never 100% accurate.

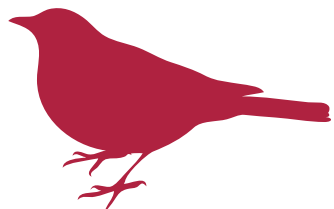

The currency in Poland is the Polish złoty (PLN). Money can be exchanged at exchange offices and withdrawn at ATMs, and card payments are accepted in most places. A village shop is a 15-minute walk from the center.

If you take any medications, bring them with you and inform your caregivers. If you have any dietary restrictions, allergies, or other health issues, notify not only your caregivers but also us so we can prepare properly. You must have health insurance, such as EHIC.

Drinking, smoking, and other stimulants are prohibited in Poland for those under 18. However, according to Youth Center's status, participants 18 and older must also stick to this rule, regardless of their country of origin.

homework before the exchange

Prepare a national evening. Present what you consider most important, interesting, and characteristic of your country, city, or organization. You can bring videos, leaflets, and other materials, gadgets, snacks, and sweets.

Before your arrival, we will organize online meetings for leaders to clarify roles, expectations, and responsibilities.

We will also set up a WhatsApp group so you can get to know each other.

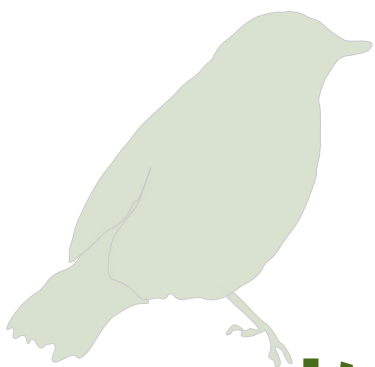

homework after the exchange

Share photos and videos from your exchange, posting them on the WhatsApp group.

Present your exchange to your peers. You can do this by preparing a photo slideshow to show in your classes, or by posting it on social media or your website. Just remember to mention the organizers and the Erasmus+ Program.

Try to stay in touch with participants from other countries. The exchange will allow you to get to know each other, but cultivating these friendships is up to you.
